Counter Strike 1.6 Deathmatch Map

If the Counter-Terrorists rescue all of the hostages within the time-limit, they win the round.. 1Standard map typesStandard map types[edit | edit source]Currently, there are three official types of maps distributed with Counter-Strike:Hostage Rescue[edit | edit source]Hostage Rescue (cs_) maps are the original map-type, based on a hostage rescue situation.. Killing the entire enemy team also ends the round, but results in less money gained for the next round.. However, the round timer now becomes void when the bomb is planted, meaning the bomb can be planted even with 1 second left in the round and the round will continue until the bomb is defused, it explodes, or the counter-terrorist team is eliminated.. The Counter-Terrorists must lead them from their location to a rescue zone, typically located around the Counter-Terrorists' spawn.

6 Only)cs_747 (1 6 Only)cs_backalley (1 6 Only)cs_estate (1 6 Only)Bomb Defuse[edit | edit source]Bomb defuse (de_) maps are the most common map type, based on a bomb-planting/defusing scenario.. Bomb defuse maps are by far the most commonly seen maps in tournament play de_dust2 - CS 1.. That was pretty funny, since you can take cs_militia hostages to the toilets :).. Counter-strike 1 6 was the final major software of the game to be received The game was different as there were many modes Deathmatch, casual and competitive.. These are maps and gameplay available for the popular computer game Counter-Strike.. Once the bomb has been planted, the counter-terrorists must locate and defuse it in 45 seconds (this is a variable; it can be changed; commonly also set to 35 seconds depending on the server admin(s)) before it explodes.. In older version of Counter-Srike, Terrorists could also 'use' the hostages, and led them to an other location.. Deathmatch Maps for Counter-Strike 1 6 (CS1 6) Browsing history matches: Login Login.
